

Power of attorney for transferring a number-guide to use

You can make an ownership change in Yritysdna in with a number portability order, if the numbers previous owner has first electronically signed a power of attorney for transferring a number. You can use power of attorney for transferring through self-service in the case of a transfer from another operator.

- The power of attorney can be filled in by the subscriber or the previous owner.
- The power of attorney form must be electronically signed by the previous owner before the order can be placed in Yritysdna.
- The power of attorney for transferring a number form allows you to place a subscription to a subscription directly in self-service, without the need to send separate number transfer form as an email attachment through customer service.

About the form:

- The power of attorney for transferring must be signed within two weeks, after which the unsigned power of attorney will be rejected
- Signed power of attorney form is valid for three months
- Power of attorney form must be electronically signed to be official. Otherwise the form cannot be used through customer service or a reseller as a number transfer authorization because it lacks a signature
- Transfers of subscriptions in DNA's networks are made through corporate customer service.

- The power of attorney for transferring numbers opens in a separate window.
- First fill in the information of the number to be transferred.

- Note: fill the info without the country code.
- Next, select the type of the current owner of the number.
 - On the basis of the selection, the form is filled in with the information of either the transferring personal customer (SSN) or the transferring company (name and business ID).
 - The form does not perform automatic checks or validation at this point with the name. The verification takes place at the stage when the previous owner signs the form and therefore identifies.
 - It is the responsibility of the person filling in the form to check that the information provided is correct.
